

ClearWater™ CHLORINATOR

The ClearWater In-Line Automatic Chlorinator provides safe and reliable pool sanitation. ClearWater's durable flow valve regulates chlorine or bromine flow, and features a true 100% water shut-off to the chlorine chamber. The easy-to-read flow valve dial offers precise settings for efficiency and economy.

Features:

- Easy-Turn Flow Valve
- Bigger Chamber Body
- Twelve (12) Tablet Capacity
- Enclosed Internal Chamber! (no outside hose)
- A Check Valve to Prevent Backflow of Water from the Chlorinator

Two Body Styles:

- 2" Socket x 2½" Spigot (1½" reducers included)
- 1½" FPT

Part No.	Description	Color
