

This fall,

Treat and Forget Your Pool

Until Spring!

Especially for
Uncovered Chlorine Pools
and
Salt Pools

Imagine! No more pool care routine, water testing, or treatment worries until spring.

Pooltec's Non-Swimming Season Treatment keeps chlorine water and salt pools clean, clear, and free of algae growths throughout the entire off-season with little or no chlorine.

- Longer lasting protection ... from fall to spring.
- Little or no chlorine. No testing and no worry.
- Salt pools benefit ... less salt generator operating time.
- No spring cleanup hassles and expense.
- Only 1 or 2 bottles per 20,000 gal. pool needed.

"Take a vacation from chlorination all winter"
